WELCOME TO OC TRIAL TEST COURSE (OCTTC)

The 2024–2025 OC Trial Test Course (OCTTC) is specifically designed for Year 3 and 4 students as a means of preparing them for the 2025 OC Placement Test in May next year.

Students who enrol in OCTTC will have access to simulated exam questions in exam-like settings, allowing them to improve their time management skills, minimise errors, overcome test anxiety and achieve their highest potential in the actual exam.

In conjunction with the OCTTC program, we are dedicated to assisting our students in realising their full potential and fostering their self-assurance to succeed in the OC placement tests.

WHAT ARE THE BENEFITS OF OCTTC?

OCTTC helps to acquaint students with the unique format of exam questions and the test environment, enabling them to feel more comfortable and confident during the actual exam. Consistent practice of exam-style questions on a weekly basis will lead to steady improvement in competence. Students' performance is accurately assessed and monitored every week, providing parents with an estimate of the score level their child may achieve on the actual exam. Additionally, parents can gain insight into which OC schools are most suitable for their child's application based on their child's performance.

HOW THE OC TRIAL TESTS ARE ORGANISED

- ❖ The OCTTC framework for the 2024–2025 academic year is designed to account for all types of exam questions that have emerged in recent OC placement tests.
- ❖ This course incorporates a **computer-based trial testing format**, mirroring the new format for the 2025 OC exams.
- ❖ Students participate in OC trial test sessions every week, covering mathematical reasoning and thinking skills tests in one week and reading test and lesson the following week. These sessions continue until the OC placement tests in the following year.
- ❖ During test review sessions, students work with their teachers to review questions, with a greater emphasis on challenging questions.
- ❖ Test reports are accessible on Cyberschool immediately after each session. Additionally, Cyberschool is offering a range of exclusive activities and resources designed to support your study in the OCTTC. These activities are specifically tailored to address the key areas covered in the OCTTC and are intended to help you improve your skills, knowledge, and confidence in advance of the test. Ensure you take full advantage of accessing these valuable resources.
- ❖ Please note that students can only access the test questions during their scheduled class sessions. While Cyberschool may offer limited access to review specific portions under certain conditions and policies, this course does not provide take-home test questions.

OCTTC Class Timetable (Epping Branch)

During the regular term OCTTC, students attend their class once per week. Each week, new tests begin on Saturday and the same tests are conducted following Tuesday and/or Wednesday. Each session is 3 hours long as below.

Saturday session	Tuesday & Wednesday* sessions
1:00pm – 4:00 pm	4:00 pm – 7:00 pm

Wednesday* class is subject to **minimum** enrolments.

Test Format

The OC Trial Test Course uses the computer-based testing (CBT) format, mirroring the actual OC exam in 2025. Students take the tests on individual testing devices provided by the college.

Make-Up Test Policy

If students are unable to attend their regular OCTTC class, they are required to schedule a make-up test at the Epping branch within ONE week from the missed session. Please note that test reviews will not be available for any make-up tests.

OCTTC Fee Payment Regulations & Discount

- The current OCTTC fee is **\$70** per session. The fee is subject to increase from 2025.
- Enrol in full term OCTTC before the course starting date. If you enrol after the course starting date, you must pay the fee for the remaining number of sessions of the term.
- Enrol in both full-term OCTTC and WEMT courses for the same term to enjoy a discounted OCTTC fee – currently \$63 per session but is subject to change starting in 2025. Please note that WEMT course fees are separate, and this discount does not apply to holiday OCTTC.
- Package Deal:** Secure incredible savings with our exclusive **OCTTC Full Package Price Offer**. Enjoy peace of mind knowing your fees are protected from the upcoming fee increase. For more details, please see Page 4.
