WELCOME TO SELECTIVE TRIAL TEST COURSE (STTC)

The Selective Trial Test Course (STTC) is specifically designed for Year 5 and 6 students as a means of preparing them for the Selective High School Placement Test in Year 6.

Students who enrol in STTC will have access to simulated exam questions in exam-like settings, allowing them to improve their time management skills, minimise errors, overcome test anxiety and achieve their highest potential in the actual exam.

In conjunction with the STTC program, we are dedicated to assisting our students in realising their full potential and fostering their self-assurance to succeed in the selective school placement tests.

WHAT ARE THE BENEFITS OF STTC?

STTC prepares students for exam success by introducing them to question formats and simulating the test environment, enabling them to feel more comfortable and confident during the actual exam. Consistent practice of exam-style questions on a weekly basis will lead to steady improvement in competence. Students' performance is accurately assessed and monitored every week, providing parents with an estimate of the score level their child may achieve on the actual exam. Additionally, parents can gain insight into which selective schools are most suitable for their child's application based on their child's performance.

HOW THE SELECTIVE TRIAL TESTS ARE ORGANISED

- ❖ The STTC framework for the 2024–2025 academic year is designed to account for the new types of exam questions that have emerged in recent selective high school placement tests.
- ❖ This course incorporates a **computer-based trial testing format**, mirroring the new format for the 2025 selective school exams.
- ❖ Students participate in selective trial test sessions every week, covering reading and writing tests in one week and mathematical reasoning and thinking skills tests the following week. These sessions continue until the selective high school exam in the following year.
- ❖ During test review sessions, students work with their teachers and tutors to review questions, with a greater emphasis on challenging questions.
- ❖ Test reports are accessible on Cyberschool immediately after each session.
- ❖ Please note that students can only access the STTC test questions during their scheduled class sessions. While Cyberschool may offer limited access to review specific portions under certain conditions and policies, this course does not provide take-home test questions.
- ❖ Cyberschool is an optional, add-on service offered exclusively during the course enrolment period. It is not included in the course fee and each service has a specified duration and is not accessible after the service period ends. The service schedule may be subject to change without prior notice. Please check Cyberschool regularly for any updates.

STTC Timetable (Epping branch)

Students attend their regular STTC class once per week. Each week, new tests begin on Saturday and the same tests are conducted following Tuesday and/or, Wednesday.

Each session is 3 hours long as below.

Saturday morning* or afternoon	Tuesday & Wednesday*
9 am – 12 pm or 1:15 pm – 4:15 pm	4:00 pm – 7:00 pm

Saturday morning* or Wednesday* classes are subject to minimum enrolments.

Test Format

The course uses the computer-based testing (CBT) format, mirroring the actual exam in 2025. Students take the tests on individual testing devices provided by the college during class sessions.

Make-Up Test Policy

If students are unable to attend their regular STTC class, they are required to schedule a make-up test at the Epping branch within ONE week from the missed session. Please note that test reviews will not be available for any make-up tests.

STTC Fee Payment Regulations & Discount Offer

- The current STTC fee is \$70 per session. The fee is subject to increase from 2025.
- Enrol in full term STTC before the course starting date. If you enrol after the course starting date, you must pay the fee for the remaining number of sessions of the term.
- Enrol in both full-term STTC and WEMT courses for the same term to enjoy a discounted STTC fee – currently \$63 per session but is subject to change starting in 2025. Please note that WEMT course fees are separate, and this discount does not apply to holiday STTC.
- Package Deal:** Secure incredible savings with our exclusive **STTC Full Package Price Offer**. Enjoy peace of mind knowing your fees are protected from the upcoming fee increase. For more details, please see Page 4
