Year 5 (in 2025) Term 1 courses are designed to ensure that students meet the high academic standards expected for the 2025 NAPLAN and the 2026 selective school and independent school scholarship exams. Starting in Term 1, Year 5 students will have access to **new NAPLAN (NTTC) & Selective Trial Test Courses (STTC)**. These trial test courses will teach students how to manage their time effectively, reduce mistakes, and perform their best on the NAPLAN and selective school exams. The WEMT timetable has been revised to better align with the degree of module contents. Please check out the updated course timetable below.

### Year 5 WEMT Course

The Year 5 WEMT course is being updated to include new module contents. This will require students to commit to a significant amount of weekly module work, but it will help them build a solid foundation for the NAPLAN and selective school exam.

- **Strong foundation for the NAPLAN and selective school exam:** Focus on key areas like writing, reading comprehension, mathematical reasoning and critical thinking.
- **Effective writing strategies:** Learn how to structure and organise your writing persuasively.

**Choose the learning style that suits you best:** We offer two flexible WEMT course options:

**WEMT (Live Zoom lesson):** Join zoom lessons from the comfort of your home and access all Cyberschool resources – **conditions** apply.

### Year 5 Selective Trial Test Course (STTC)

The term 1 Selective Trial Test Course is a new comprehensive program designed for Year 5 students to prepare them for the 2026 Selective High School Placement Test (SHSPT).

Through weekly trial tests, they'll tackle a variety of question types and learn powerful strategies to succeed in the exam. The key benefits of STTC are:

- **Practice makes perfect:** Regular trial tests build confidence and familiarity with the exam format. STTC will be conducted in computer-based format, familiarising students with the new CBT format.
